

NOTA

A editorial Routledge ven de publicar o traballo *Mass Killings and Violence in Spain, 1936-1952* *Grappling with the Past* editado polos historiadores Peter Anderson e Miguel Ángel del Arco Blanco e no que colabora **Antonio Miguez Macho** co capítulo, “Challenging Impunity in Spain Through the Concept of Genocidal Practices”

Sobre o traballo:

Os historiadores estableceron, xa nos últimos anos, a escala de violencia levada a cabo polos partidarios do xeneral Franco durante e despois da Guerra Civil. Estímase que aínda existen 88.000 vítimas non identificadas, amais da presenza de centos de fosas comúns aínda sen exhumar os cadáveres alí soterrados. Este traballo reúne unha serie de especialistas españois e británicos que ofrecen unha visión xeral e orixinal desta violencia. Presentamos, a continuación os contidos da obra:
